Mr. S. A. Afful for the Respondent

J U D G M E N T

Coram:

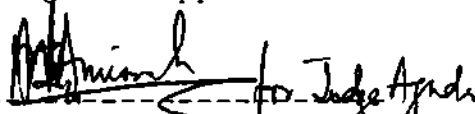

DOYLE, JA.

Kebafose Mafukeng, the Court has given consideration to your case. You were sentenced to 12 years imprisonment. That is a very severe sentence even in the case of murder. You were only convicted of manslaughter and to some extent although there was a fight only one serious injury was given and that might have been caused in the way which you did not intend.

The Court has decided that your appeal will be allowed to the extent that your sentence will be reduced to 5 years.
